IT Security Association Germany (TeleTrusT)

The IT Security Association Germany (TeleTrusT) is a wide-ranging competence network for IT security with members from industry, administration, consulting and research as well as national and international partner organisations with similar objectives. With a broad spectrum of members and partner organisations, TeleTrusT represents the largest competence network for IT security in Germany and Europe. TeleTrusT offers interdisciplinary forums for IT security experts and facilitates the exchange of information between providers, users, researchers and authorities. TeleTrusT takes a stand on technical, political and legal issues relating to IT security and organises events and conferences. TeleTrusT is a non-profit organisation whose aim is to promote the professionalism of information security and to raise awareness of best practice in all areas of information security. TeleTrusT is carrier of the "European Bridge CA" (EBCA; PKI network of trust), the IT expert certification programmes "TeleTrusT Information Security Professional" (T.I.S.P.) and "TeleTrusT Professional for Secure Software Engineering" (T.P.S.S.E.) and provides the trust seals "IT Security made in Germany" as well as "IT Security made in EU". TeleTrusT is a member of the European Telecommunications Standards Institute (ETSI). The association has its headquarters in Berlin, Germany.
