

TELETRUST / SYMANTEC SECURITY SOLUTION SHOWCASE

From one human identity
to “millions” of digital identities without security?

DEVELOPMENT OF COMMUNICATION & SECURITY SOFTWARE FOR:

GOVERNMENT

BANKING

INDUSTRY

CUSTOMER PROJECTS AFFECTS RESEARCH & DEVELOPMENT

UM-SYSTEM 7.X

HICRYPT™ 2.0

SECURE LOGON™ 2.0

About 90 years later

Ford assembly line, 1929

cyborg control robot assembly line, 2018

Communication & security yesterday & today

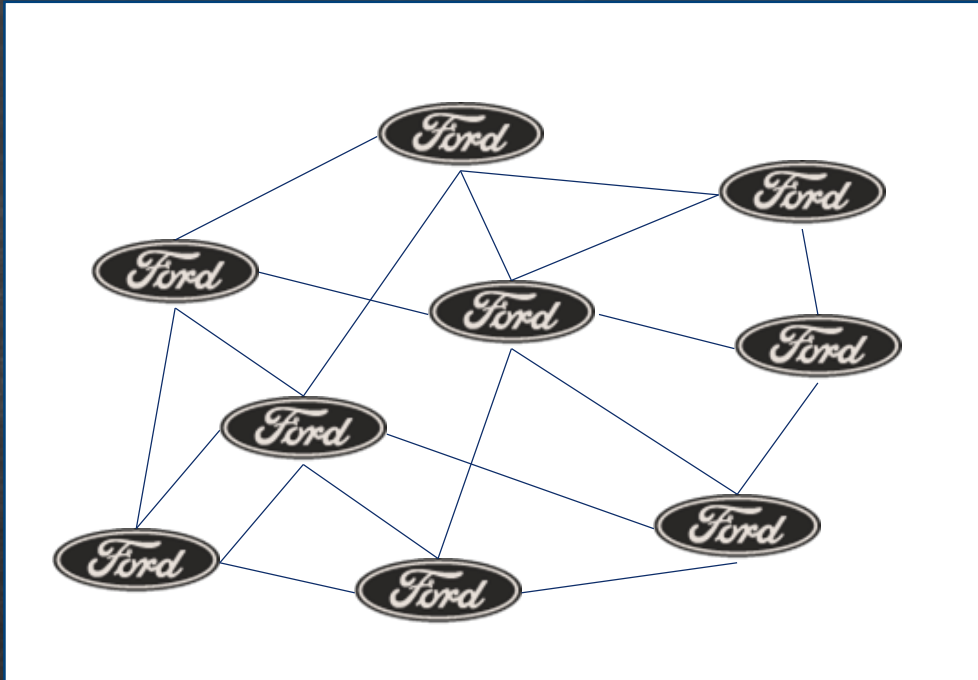

mail, telex, telefon, typewriter & safe

digital data center

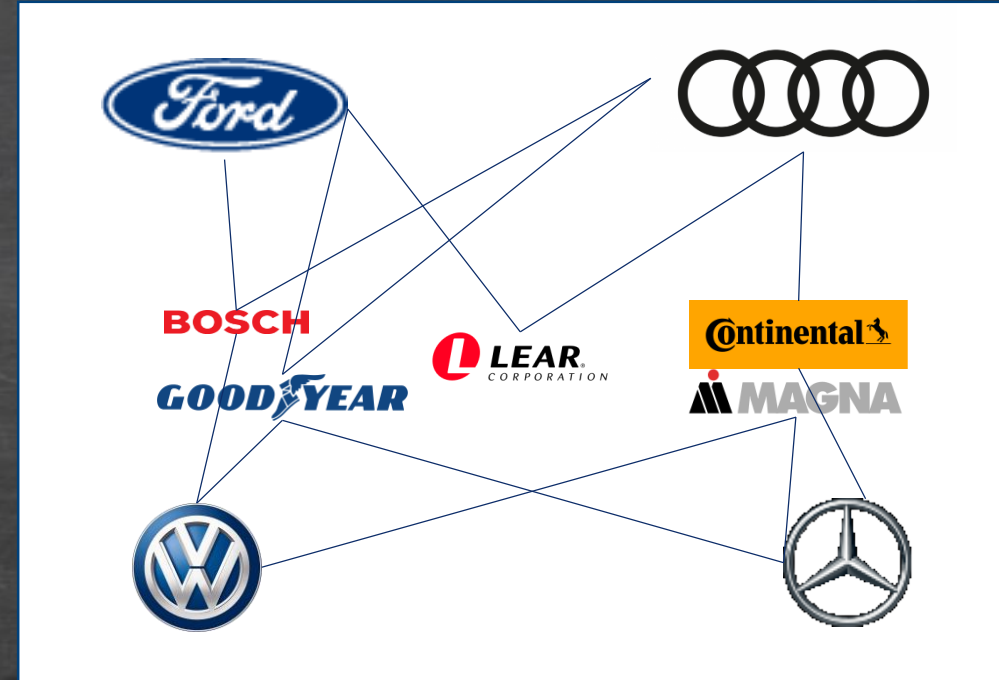

The differences

one company

Departments of the company
worked together in a traditional way

collaboration with external partners

OEMs and competitors
collaborate in the same digital network

An example

Automotive industry and their challenges
